

Empire Fighting Chance

Empire Fighting Chance is looking to partner with a range of companies to support their Careers Programme and engage young people with work experience.

Can you help with one or all the following?

- A workplace visit for a group of young people, to raise awareness and aspiration about the world of work and the kind of jobs available in your organisation;
- One day work experience – a young person given the opportunity to complete a shift at your workplace. This can be one day working or a few hours to complete a specific role in the organisation;
- Extended work experience with an interview and / or a potential job offer or apprenticeship.

All details [HERE](#)

If you are interested in supporting this project, please contact Kye Dudd: kye@empirefightingchance.org
